

ELECTRONIC PRESS KIT

DUO EMILIA LAJUNEN & SUVI OSKALA

The very best of Finnish folk fiddling!

"Before this concert, I had not grasped what playing as a duo truly was. As musicians, they had an incredible connection with one another throughout the gig"

- Veikko Halmetoja, art gallerist and art critic

"I cried, I laughed, I bought the album. Marvellous gals, one of the best club gigs of my life!"

- Rosa Meriläinen, author

"The duo combines their familiarity with the tradition with a strong individual voice while, refreshingly, playing without too many frills. The focus is on the music; on drive and rhythm."

- Amanda Kauranne, Finnish Broadcasting company
